

### Summer Program Swimming Proficiency Form

The sport of rowing poses significant risks to the participant because most activities occur in, around or on water. The risks include, but are not limited to: expected and unexpected immersion into cold water as a result of a boat flipping, collisions with other boats, being involuntarily removed from a boat as a result of an oar's momentum ("crabbing"), falling off docks, authorized and unauthorized swimming, changing weather conditions, or other occurrences. If your child is not a strong swimmer, she will be required to wear a life jacket while on and near the water.
